Verses: *F Am F Am G (Capo 5, C Em // D)*

Verse 1:

To you, O God, we give the glory
And we thank you for the story
Of your steadfast, never-ending love
But just when we are feeling settled
Your Spirit with our hearts has meddled
Now those hearts are seeking so much
more... **(Refrain)**

Verse 2:

We're grateful for the gifts you've given,
Receive from you the life we're livin'
You are our amazing grace
But the mustard seed's a weed you planted
For living water our souls have panted
We must let the cup overflow... **(Refrain)**

Bridge: *Bb Dm F A7 (Capo 5, F Am C E7)*

Verse 3:

Now with trembling lips you mend us
You made us, redeemed us, and now you
send us
You are the God who's always on the move
But lest we think our path is righteous
Our weaknesses go right beside us
The time is now to pick up our life and walk
(Refrain)
